Vision Statement
Mater Dei College believes in the dignity and the nurturing of the individual and seeks to follow, with courage, Mary’s example of faith.

From the Principal

COLLEGE FEE PAYMENTS
The successful operation of the College relies on the contribution of parents to the fee income required to balance our annual budget. Parents provide approximately 25% of our annual income and it is vital that we continue to receive this level of support from our families. The remaining 75% of our income comes from State and Commonwealth funding.

In uncertain economic times, we understand that families experience levels of financial difficulty and we approach each case with care and sensitivity. The Health Care Card arrangements are one approach that is adopted but there are other avenues we can explore.

The key factor is discussion; we are very willing to sit down with families in need and talk through what might be possible in the short and long term.

It is more important that a student's education is uninterrupted. Between parents and ourselves we can arrive at a mutually acceptable arrangement, provided we get the opportunity to discuss what might be possible.

If parents are experiencing financial difficulty, please contact our Business Manager, Kerry Davidson, or our Assistant Business Manager, Sean McDonagh, to discuss what arrangements can be put in place.

YEAR 11 & 12 EXAMS
Our Year 11 and Year 12 students will be sitting the Semester 1 Examinations next week. With exams being so close, it is important that students focus on their studies in these coming days. Teachers can be approached to provide support where needed. Considerable time needs to be spent in study at home in order to be thoroughly prepared to sit the various exams.

TRAFFIC SAFETY
Students are reminded to observe road safety practices when crossing busy roads. Look multiple times to ensure it is safe to cross the road, especially when walking out from behind a parked bus or other vehicle.

Be sensible and be safe!

MOTHERS & DAUGHTERS HIGH TEA
The P&F are holding the Mother & Daughters High Tea on Sunday, 14 June. This annual event is a thoroughly enjoyable occasion and I would encourage families to purchase tickets.

YEAR 7 2017 ENROLMENTS
Interviews for places in Year 7 2017 are nearing completion. Enrolment places are limited and, if you haven’t done so already, parents are urged to complete and submit an Application Form as soon as possible so that an interview can be scheduled. The Letters of Offer of Year 7 2017 places will be posted in the last week of June this year.

STUDY SKILLS TIP – THINKING AHEAD

Are you riding a rollercoaster at school? Rollercoaster study is where you stay up late doing last minute assignments, then you take it easy for a while and do very little, then panic again when something is due and have to spend huge amounts of time at the end completing the work. If you plan ahead and are prepared, you will find school much less stressful and more rewarding.

Here are the top tips for thinking ahead:

1. **STUDY NOTES**: If you know that you have a test at the end of each topic or examinations approaching, then on the nights you do not have much homework start working on your study notes and summaries. File them in folders at home so they are ready to go when you need them.

2. **ASSIGNMENTS**: Always start the assignment the day it is given to you, even if it is just a little bit. Make sure you understand the requirements and, if you don’t, ask your teacher straight away the next day. Brainstorm the steps the first night and do a rough plan of when you will do each step.

3. **ASK FOR HELP EARLY**: Ask for help as soon as you have a problem. Keep a list of questions for your teacher on a post-it in your textbook, sticky notes on your computer or a list in your planner. Don’t let problems or issues build up, ask for help early and often.

4. **THINK ABOUT WHO YOU SIT NEXT TO**: Choose wisely who you will sit with in class. This can make a world of difference to your results. If you sit with someone where it is a productive relationship, you encourage and help each other and stay on task in the classroom you will understand your work better and have less to do at home.

5. **CONSIDER YOUR WEEK**: Plan ahead for busy times. If you know you have nights where you can’t do much work or a busy weekend, plan ahead and get things done early. Always look ahead for possible times where you could be caught short of time and make plans to avoid problems.

NOTE FROM THE COUNSELLOR

MID YEAR EXAMS

For our senior students, mid-year exams are finally upon us!! Whichever pathway our students intend to follow, exams as discussed in last week’s article are a time of increased stress and worry for young people.

As parents, we are often aware of our children feeling anxious or stressed about school situations such as exams and are in a great position to offer support to better manage this stress. Although at this stage in their education, we encourage our young people to be autonomous and in control of their own learning, there are some stress management strategies that you can encourage at home. Supporting your child to develop strong boundaries and routines around studying will provide a sense of safety and predictability in this most stressful time. Ensuring that they find a healthy balance between study and self-care is vital to keep them motivated and achieving optimal performance. Sleep, rest, food and fun are important factors in their self-care.

In a previous article, I have included the following ‘LESSON ON STRESS.’ It seems a good time to add this again:

A young lady confidently walked around the room with a raised glass of water while explaining stress management to an audience. Everyone knew she was going to ask the ultimate question, “Half empty or half full?”..... But she fooled them all.... "How heavy is this glass of water?" she asked with a smile.

Answers called out ranged from 250 to 500 grams. She replied, "The absolute weight doesn't matter. It depends on how long I hold it. If I hold it for a minute, that's not a problem. If I hold it for an hour, I'll have an ache in my right arm."

"If I hold it for a day, you'll have to call an ambulance. In each case it's the same weight, but the longer I hold it, the heavier it becomes."

She continued, "And that's the way it is with stress. If we carry our burdens all the time, sooner or later, as the burden becomes increasingly heavy, we won't be able to carry on."

"As with the glass of water, you have to put it down for a while and rest before holding it up again. When we're refreshed, we can carry on holding the burden - longer and better each time we practise."

So, as early in the evening as you can, put all your burdens down. Don't carry them through the evening and into the night...pick them up tomorrow."

Have a wonderful week and good luck!!

Mrs Sally Stott – School Counsellor
Thanks to all students and families for their support of NAPLAN last week. Attendance was very good and congratulations to the Year 7 and 9 students for their effort. Results will be available from August.

YEAR 11/12 EXAMS
Good luck to our Year 11 and 12 students beginning Semester 1 exams next week.

YE7 ACCLADES

Natalia Caloiero, McCormack G, competed in the Hancock Prospecting National Championships from 24 - 26 April 2015 at the Sydney Olympic Park Aquatic Centre in Sydney. This three day event was part of the Sydney Synchronised Swimming competitions. Natalia won the Under 12s Figures event and won the Gold in the Duet in her age group.

Emily Bennett, Benedict D, received a gold medal in Shotput, silver medal in the Javelin and 4th in the Discus at the Little Athletics State Championships in March this year.

Emily and Natalie Bennett are off to NSW in September to compete in the National Basketball Championships as their team, U14 Stirling Senators, successfully qualified in January.

ANZAC DAY – GALLIPOLI 2015

Travelling to Turkey as part of the Premier’s Anzac Student Tour was a once in a lifetime opportunity. To stand on the shores of Anzac Cove exactly 100 years after our Anzac soldiers landed and to attend the Centenary Dawn Service was amazing, to say the least.

Whilst in Turkey, I had the opportunity to visit all the memorials along the Gallipoli Peninsula and learn about the battles that occurred at each point and which men and armies were involved. Being able to learn so much about the Gallipoli Campaign, not just from the Anzac point of view but from Turkish experts as well, taught me so much more than any textbooks or documentary could ever do. It was a truly rewarding, emotional and fun 11 days.

The Premier’s Anzac Student Tour was the best experience of my life and I encourage other students to apply in future years.

Tahlia Fenton - Year 10
Semester 1 Examinations are occurring this term from 25 May and we are looking for volunteers who would be interested in supervising these examinations.

Supervisions are not necessarily needed for the whole of the examination period. We can organise rosters to suit parent availability.

If you would like to participate in this, please contact me with details of when you would be available.

My email address is erika.hancock@mdc.wa.edu.au.

The Senior Boys Basketball Team played against Woodvale Senior High on 12 May.

This game was the conclusion of the local league for the senior boys. The Mater Dei Team were fully aware of the depth of talent at Woodvale so there was no room for complacency!

This proved to be an epic game with both teams applying pressure, creating turn overs and, consequently, the lead was constantly changing. Fortunately, Mater Dei ended the first half 20-19 ahead. The stage was set for an enthralling and nail biting second half.

We knew that Woodvale would come out all guns blazing and, as expected, the boys absorbed huge amounts of pressure. We then had a surge of dominance taking the score to 29-21, a lead which the boys managed to sustain to secure a memorable win 39-32 at full time.

Well done boys, truly a game to be proud of!

Dr Arne Rubinstein
An Evening for Parents

Dr Rubinstein’s presentation will provide clear guidelines regarding what boys and girls need at different ages and provide practical solutions to help them deal with the issues that teens are confronting today, including technology, drugs, alcohol, porn and mental health issues.

Topics Covered:
• How parenting needs to change once children become teenagers.
• How to help teenagers become motivated and inspired about life.
• Latest research around adolescence.
• How to help teenagers avoid going off the rails.
• The impact of technology.
• How parents can help their teenagers develop a healthy personal identity.
• The need to create appropriate coming of age rites of passage ceremonies.

St Anthony is the Saint we pray to when we have lost something. This originates from St Anthony’s desire that all the lost people be found and guided back to the path of Goodness and Truth.

Come along and pray with us in honour of our Patron’s Feast Day. We will have a nine Day Mass and Novena devotion to our patron beginning on Saturday, 6 June and concluding on Sunday, 14 June. Special Masses will be celebrated each weekday morning and evening (times listed). Each Mass will include the Novena to St Anthony to find the lost souls we entrust to his care. To include the nine days, weekend Masses will also be part of this devotion to our patron.

Write down the name(s) of the person you would like to pray for and we will have a basket in front of the altar in which to place their name.
